Working with

January 2016

As another New Year begins, many of us focus on renewed goals in many areas of our lives. These goals may be making healthier choices, stronger prayer time, studying more, serving others better. I pray that as the year 2016 begins that we all focus on telling ONE more about what Jesus has done for us. I pray as the Lord gives us the opportunities to share His love with others, that we allow him to fill us with Godly wisdom and the Holy Spirit as needed to be a tremendous witness for Him.

During the month of December many different projects were worked on in the mechanic's ministry. The engine for the van project was finally shipped into the Ford dealership in Jefferson, Georgia; I was able to drive to Jefferson to pick it up. It took a few weeks longer to get the correct one. Thank you to the folks at Jefferson Ford for all of your help. I'm in the process of replacing the engine and ordering other parts to repair the van and get it ready for delivery.

Also, during the month, I was able to get one of the Macedonian trucks and trailer ready for a trip to Kentucky along with a vehicle that was donated to us. A few missionary vehicles needed new brakes, coolant leak repairs, along with a few other repairs. The heavy rains in our area for several days caused some minor flooding around the shop which held working on vehicles up for a few days. Thank the Lord no damage, just the inconvenience.

My wife Lesa and I were able to spend time during Christmas week with our families. We are thankful for the time we can spend with family and friends. Our youngest son Dustin and his girlfriend Kara were engaged the weekend before Christmas. We are very excited and looking forward to a wedding in late 2016 or early 2017.

Thank you for your prayers!

Happy New Year!
