Working with

March 2016

Psalms 19:1 The Heavens declare the glory of God; and the firmament sheweth his handiwork.

As we look back over the month of February and consider all that has been accomplished, I am in awe of God's amazing provision.

The first week of February is always a fun time for the missionaries at Macedonian. We are privileged to be invited to Nevill's Chapel MBC in Mt. Pleasant, Texas for their annual Faith Promise Missions Conference. Pastor Glenn Griffith and the people there are so kind and gracious. It is always fun to see our other missionary friends from around the country and around the world. I enjoy hearing what God is doing in each of these ministries. This year I enjoyed hearing from missionaries to the Philippines, Argentina, Australia, and others. What a blessing! And good preaching each evening...wow!

I want to extend a sincere thank you to fellow Macedonian Ricki Boyle. As you know, Ricki is the director of the Mechanics ministry at Macedonian. While I was in Texas my ministry car developed a coolant leak. Ricki was able to diagnose and repair it in short order. This ministry has been a blessing to many of the missionaries as they pass through the Atlanta area or when we have been to the National Meeting. I have been on the receiving end of this ministry several times and I can tell you firsthand that this is a much needed ministry all over the world! Ricki Boyle is not only the best mechanic I have known, but he has a true servant's heart. Thank you for your service.

After leaving Nevill's Chapel in Texas, I went to Star City, Arkansas to see the fine folks at Holly Springs MBC. Pastor JC Patterson called me to ask me some roofing questions, not knowing that I had already planned to come see him. That's how God works things out. While I was in Star City I was able to look over the roof, answer questions, and make recommendations. I had the privilege to speak to the church and give a ministry report. I want to thank my friend and fellow builder Brett Stephens for his help when ever I have questions about metal roofing.

As you know, we have had a few problems with our F-550 truck, we have been praying hard that God would show us his will in this regard. I am beyond amazed that God has provided a brand new 2016 F-350 4-wheel drive crew cab truck. Through donations, selling the other trucks, and donated vehicles we were able to get this blessing. We only need about 10,000 more dollars and it will be paid for!!! Imagine. PAID FOR!!!

Thanks for your prayers and support. God Is Good! All the time!
